Geagte kollega

Hierdie is die tweede van 'n reeks spesiale nuusbriewe soos ek op 10 Junie 2021 laat weet het. Ingesluit hierin is 'n skakel na SA Jagters se opsomming van die voorgestelde wysigings aan die Wet op die Beheer van Vuurwapens en eerste kommentaar daarop.

Hierdie opsomming is bykans 19 bladsye lank en ons versoek dat u dit wel deurgaans as u kans sien daarvoor.

Om dit makliker te maak sal ons oor sekere onderwerpe die implikasies in meer gefokusde formaat beskikbaar stel en u ook versoek om spesifieke aksies te neem, soos om petisies te teken en ook aan te stuur.

Hierdie inligting wat SA Jagters aanstuur is geensins beperk tot lede nie en u kan die inligting, petisies en aksies so wyd as moontlik versprei. Ons maak ook die petisies in gedrukte formaat beskikbaar vir diegene wat nie die elektroniese weergawes kan teken nie.

Die opsomming van die voorgestelde wysigings in die konsepwetsontwerp is [hier](#) beskikbaar.

Neem asseblief ook kennis van die feit dat ek op Woensdagoggend baie vroeg (05h30) die geleentheid het om op die program Grootplaas op TV te praat oor sommige van die voorgestelde wysigings aan die Wet en net daarna op die program Groot Ontbyt (06h00) die onderwerp verder te bespreek. Kyk gerus DSTV Kanaal 144 Woensdagoggend 16 Junie 2021.

Vriendelike groete

Dear Colleague,

This is the second of a number of special newsletters I will forward during June 2021, as I indicated on 10 June already. Included in this message is a link to SA Hunters' summary of the proposed draft amendment bill as well as some comment thereon.

This summary is nearly 19 pages and I deliberately request you to please read the content, should you be prepared to do so.

To make life somewhat easier we will continue sending summaries of the content on a number of defined subjects in more focused format. We will also request you to take certain action, such as signing petitions, and forwarding the information we make available, as you may deem appropriate.

This information forwarded by SA Hunters is not limited to members only and you may distribute the documents as you deem fit. The petitions will also be provided in print format for those people who may not be able to sign the electronic versions.

The summary of the content of the draft amendmend bill is available [here](#).

Please also note that I have the opportunity to talk about the subject early on Wednesday morning (05h30) on the program Grootplaas and just thereafter will continue the discussion on the program GROOT Ontbyt on DSTV Channel 144. Please note this will be in Afrikaans only.

Kind regards
Fred Camphor
