

PROTECT YOUR RIGHTS AS LEGAL FIREARM OWNER – OPPOSE AMENDMENTS TO COMPETENCY REQUIREMENTS!

Make your voice heard today! Join SA Hunters today to OPPOSE the frivolous additions to sections in the Firearms Control Amendment Bill relating to competency requirements.

We oppose the following:

- 1) The introduction of additional competency certification for specifically dedicated hunters, sport shooters and professional hunters.
- 2) The renewal of competency certification every 5 years
- 3) The lack of provision for people under 18 to obtain competency certification for the application of a legal

The proposed amendments do not only add additional work and admin for both the firearm owner and SAPS, they also blatantly single out dedicated hunters, sport shooters and professional hunters!
