# HUNTERS AND SPORT SHOOTERS – OPPOSE AMENDMENTS TO LIMIT AMMUNITION AND RELOADING

As responsible and compliant firearm owners for specifically hunting and sport shooting purposes we oppose and object to:

1) The removal of Section 93 which enables legal firearm owners to reload ammunition
2) The reduction of ammunition rounds allowed to 100
3) Imposing administrative fines on owners, dealers, manufacturers, and gunsmiths for late application of firearm licences
